**Care, Quality, Opportunity**

# The Wildern Way Training Programme

## Wildern Way Key Information

### When

Most Wildern Ways will take place after school on a Tuesday or Wednesday and run from 3:15 and last approximately 1 hour depending on the session. You are expected to attend every Wildern Way, if you cannot make one you will need to email SMB to say you will not be attending.

### Review and Evaluations

The beginning of each Wildern Way will start with a review of the previous session where we will discuss it's impact and how we have implemented the training into our lessons. At the end you will complete a short electronic evaluation form which will also be shared with your NQT mentor so you can discuss it in your next mentor meeting.

### Session Facilitators

Your Wildern Way sessions will be delivered by a variety of teachers and support staff from across the school who have been chosen for their particular area of expertise that is relevant for your session.

### Pre-Session Tasks/Reading

Before each session you may be asked to complete a short pre-session task or piece of reading. For example, it might ask you to identify three students to think about or focus on or it might ask you to complete a piece of pre-reading that you will discuss.

## Co-Observations

In Autumn Term 1 you will complete a co-observation with a member of SLT. This is in order to allow you to see great teaching practice from an outstanding practitioner and to gain experience in the observation process to help prepare you for your NQT year. You will then spend time discussing and unpicking the lesson and how you might apply some of the techniques you have seen to your own teaching practice. You will receive details of when and where the observation will take place via email.

## Mentor Swaps

In the Spring/Summer term you will swap NQT mentors for half a term. This will allow you to gain a different perspective on your teaching practice and learn from someone outside of your department area.

## SLL Coaching

In the Summer Term you will be paired up with an SLL (Senior Leader of Learning) with whom you will receive coaching sessions that focus on areas of your pedagogy you would like to refine.

## SOL Observations

At the beginning of the Spring Term RKB will arrange for you to have an observation with our SOLs (Student Observers of Learning). SOLs are students who are specifically trained to observe lessons and give feedback from a student perspective. These are informal observations but can be used as part of your Teaching Standards Evidence.

## Paperwork

During the course of the year you will need to complete **3 Core Documents**:

- **CPD Log**—this is where you will record all CPD you complete during the year, e.g. Wildern Way Sessions, CPD Days, department meetings etc.
- **Teacher Standards Evidence Record**—this is where you will provide at least three pieces of evidence per Teaching Standard. Each piece of evidence needs to contain a clear reference as to where that piece of evidence can be found e.g. (see Lesson Observation 1 with SMB on 01.10.18). You will need to colour code your evidence to indicate whether it is from Term 1, Term 2 or Term 3.
- **Termly Objectives**— each term you will need to agree with your mentor a number of targets that you aim to complete over the coming term/year. Each target needs to link to a Teaching Standard and state clearly; the actions you will take to achieve it; the success criteria; resources you will need; a date for completion; and an evaluation of your progress towards the target.

Exemplars of how to complete each Core Document can be found in the Google Drive folder.

All paperwork documents can be found in the Google Drive folder and will be checked by SMB termly to ensure it is being updated regularly.

## Mentor Meetings

You will have weekly meetings with your NQT mentor. The minutes from each meeting need to be emailed to SMB by the end of each week and filed in your Google Drive folder.

# Assessment Point Reports

At the end of each term your mentor will complete an AP report on your progress which will be sent to the awarding body. Your mentor will comment on your strengths in meeting each of the Teaching Standards as well as your areas for development and targets. This will be informed by your meeting minutes, CPD you have undertaken, observations and evidence file. You will also be required to make a comment on the report with observations and reflections on the Term. Finally, your mentor will grade your progress against the Teaching Standards from A-E.

## Key Dates:

AP1: To SMB by Wednesday 5th December 2018

AP2: To SMB by Friday 15th March 2019

AP3: To SMB by Friday 28th June 2019

## Observations

You will have a minimum of 7 formal NQT lesson observations during the year, approximately one per half term. You may have more observations than this depending on needs that are identified by your mentor.

Autumn 1: Subject Co-Ordinator Observation within the first two weeks and a mentor observation before half term.

Autumn 2: Observation by SMB

Spring 1: Observation by mentor

Spring 2: Observation by SMB

Summer 1: Observation by mentor

Summer 2: Observation by SMB
