Winter 2016

New York, New York

Year 10 visit the city that never sleeps

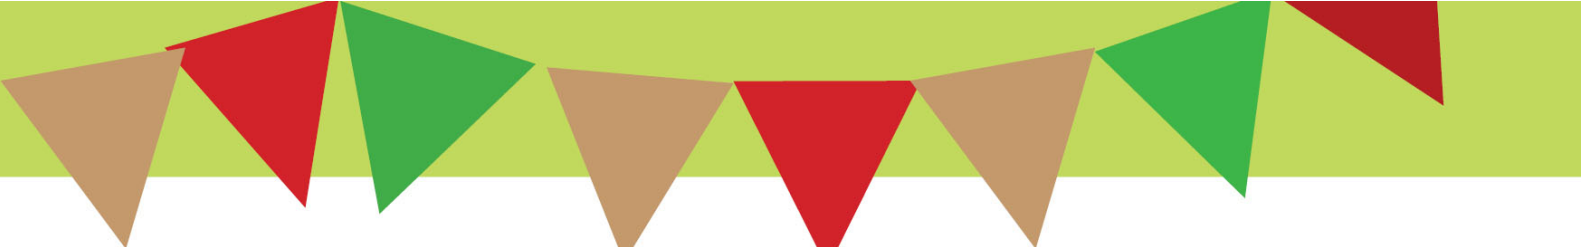

It's a hard-knock life for the cast of our annual show!

Meet our barking new member of staff!

There's an emotional visit to Tyne Cot Cemetery

Plus loads more inside!

Children's Holiday Activities at the d.@rt

Every school holiday the d.@rt holds a range of popular arts and crafts activities for children aged 4 - 12. From 10am to 3pm our activities are taught by our experienced and very artistic tutors, each day is a fun way to explore new ideas, learn new skills and get creative. Those looking to extend the day can apply for wrap around care, which provides play style activities linked to the main theme between 9am and 10, then from 3pm till 5pm. The cost of the main activity (10am till 3pm) is £16 per day, except for cookery days when a £5 ingredients cost is added. Each hour of wrap around care is an extra £2. The d.@rt is able to take childcare vouchers.

Dear Parent/Guardian,

I hope you enjoy reading the following newsletter, which as always is full of exciting articles and updates on the activities of this term, and there have been many. I have included as much as I can in my monthly blog. The first half of the term was brought to a brilliant end with the annual school production of Annie: what an amazing show. It was so professional that it could have been part of the West End schedule. Thanks to all those parents who wrote in congratulating the cast and team behind it; all of them were passed on. By the time you read this we will have had our celebration of dance and our annual Christmas concert: one of my favourites.

The start of the second half of the term saw Year 11 undertake their practice exams. This is a stressful time but they managed it well with a maturity we have come to expect from this year group. Following their exam fortnight they have returned to their studies and some timetable changes with focus and rigour. Well done to all of them.

As many of you will be aware, we were successful with our Free School application for Horton Heath Primary and Secondary schools, although there are proposed potential location changes. All of the work will be carried out in close collaboration with Hampshire County Council, who are currently exploring the option of a new site for the secondary school building. Feasibility work is currently being undertaken to look at the option of relocating the new school onto land under County Council ownership at Woodhouse Lane. This land is currently being considered for a wider educational and residential development through the Eastleigh Local Plan process. This option for the secondary school is being proposed to ensure delivery of the additional secondary school places and will be subject to agreement with the local planning authority. We will keep you posted with our progress and any future meetings. What is positive is that we will continue to provide places for all linked primary schools.

In addition to this project we have a further application in for approval with the Department of Education for a two form entry primary school at Boorley Green. We are awaiting notification of an interview and hopefully a successful outcome. More will follow on this.

Finally as many of you are aware we run a School Centred Initial Teacher Training programme at the school in partnership with many schools in the area both primary and secondary. We recently had the final part of a two stage Ofsted inspection of our training provision. It was an excellent outcome. When the report has been finalised it will be available as a link on the school website for those parents wishing to read it.

Can I, as always, end by thanking you for your unfailing support and the good wishes I so often receive about our students and the work we are doing. I wish you all a fabulous Christmas and new year.

Kind regards

Miss M L Litton

Holly Pepper 7J1

Is National Taekwondo Champion in the minus 34 weight group and has competitions in Germany and Belgium coming up after Christmas.

GOOD LUCK!

Cai McCathie 7J1

Took part in a Regional Taekwondo competition in November and got 2 silver medals and 1 bronze medal.

EXCELLENT!

Jake Harvey 7B2

Is a member of 'Stagecoach' performing arts club. He has been chosen to play the part of 'Joseph' in their upcoming play 'Joseph and his Technicoloured Dreamcoat'. He has also been asked to perform in 'Les Miserables' in Shaftsbury London..

WOW!

Sadie Smith 7B2

Came 5th out of 15 in her gymnastics competition in Honiton.

WELL DONE!

Poppy Jay Watkins 8A2

Has been selected, for the second year running, for the Hampshire Under 13 Girls Cricket Squad. She had a fantastic season last year and has been selected for EPP, the county's Emerging Players Programme, which is a programme for players who are deemed to have a possible elite future in cricket. Only 4 girls from the county were selected.

FANTASTIC!

BATTLEFIELDS TRIP TO BELGIUM

The Belgium trip all in all, was a great experience. It was a very emotional trip at times, but I had great fun as well. The places we went to were not only moving but eye opening, as we saw the scale of the sheer amount of lives that were lost during World War One. When the group went to Tyne Cot cemetery, the resting place of over 11,000 servicemen, it was very moving and made us feel grateful to the brave soldiers who gave their lives for their country's wellbeing. The Memorial also showed how many different nations took part in the war to help out Britain. I was very honoured on the Sunday night, as I, Verity Smith and Constance Smith laid the wreath at the Menin gate ceremony which has happened every night since World War One, apart from when the Nazis occupied the area in World War Two. The ceremony was held in a beautiful town called Ypres. Overall I loved the trip and it was a great experience which I would love to do again.

Tyne Cot Cemetery

Bitesize!

MEET RUFUS!

On 10th October, we at Wildern were very excited to welcome our newest member of staff, Rufus the dog. A handsome and friendly chap, Rufus has been extremely popular already with staff and students alike, but alongside his likeability factor there are also a multitude of benefits to having Rufus work with us at Wildern. Working solely in the Hub, where access can be monitored, Rufus will work with a variety of students, supporting those who may struggle with social skills or need support with emotional, learning or behavioural difficulties. The arrival of Rufus brings a variety of new opportunities for our students, which we are very proud to be able to offer and we are very much looking forward to seeing what Rufus gets up to in the near future!

On Wednesday 2nd November 9 iStudents and Mrs Broadribb travelled to the Stroud School in Romsey to take part in a digital leaders 'Kidsmeet'. Joining students from 11 other schools we took part in technology and IT inspired workshops.

The day was a great chance to broaden our view of technology and we were hugely inspired with new ways to extend our use of technology to further our learning. It was also a lovely experience where we could meet similar technology groups and find out about how other schools use technology in their education. It was creative, innovating but, most of all, fun!

Megan Roberts

SHAKESPEARIENCE!

As part of this year's 'Shakespearience' project, year 9 Drama students were treated to a workshop led by Lewis and Lucy from The Berry. After a whistle stop tour of the plot of 'The Tempest', students had the opportunity to practically explore Shakespeare's language to work out how it could be performed. The workshop culminated with a whole group performance of the storm which leaves Alonso and his kinsmen ship-wrecked on Prospero's island. Five lucky Wildern students also had the opportunity to participate in The Berry's production of 'The Tempest' on 17th November along with students from Hounslow and Toynbee School.

Mrs Duncombe

THE PARTNER SCHOOL

On a beautifully hot and sunny late September day, Team Wildern landed at Stuttgart airport and made the short train transfer to Eastleigh's twin-town, Kornwestheim. In our party were thirty-six Wildern School athletes from Years 8 and 10, proudly led by the linguist Mr Horton, the athlete Mr Pike and the all-rounder Miss Stride. We were about to take part in an Olympic-style sporting extravaganza, hosted by our partner school, the Ernst Sigle Gymnasium, and attended by three hundred youngsters from schools in Germany, Spain, France and England.

On Thursday 29th September all the teams gathered in the foyer of the town hall to be greeted by the mayor of Kornwestheim, Dietmar Allgaier. Before making his speech, the Mayor invited Mr Horton to interpret his words into English and then into Spanish for the international guests. Contemplating a future career in the United Nations assembly, Mr Horton, took the microphone and pulled off a running multi-lingual translation. The Mayor's speech highlighted the way in which sport fosters international understanding, bringing together so many people from different countries and cultures. He keenly anticipated four days of intense but harmonious sporting competition.

On Friday morning, all athletes and spectators met at the main sports arena in Kornwestheim. Following the entertaining performance of an Abba medley by the German school band, there were some short speeches, including one from the visiting Mayor of Eastleigh, Cllr. Des Scott. Then a student from each country took to the podium and read out the Olympic oath in the respective languages. Well done to Wildern's Holly Wookey who had learnt her words and did not need a script. Finally, the Olympic flame was lit and a great cheer went up as the event was declared officially open by the host school's Headteacher, Christoph Mühltaler.

In the first event, Year 8 sprinter, Emily Eades Scott, raced to an emphatic victory in the 100 metres and earned Wildern the first gold medal of the games. Luke Pardoe and Maddie Cooper also ran their way to Gold in the 800 metres. Our powerful relay teams cleaned up gold medals in three of the four age groups. The climax to the Year 10 boys' relay was particularly memorable with Jack Renshaw running a fantastic final leg with skill and determination.

Away from the running track, Year 8 student, Harry Crosby was causing gasps of astonishment from the crowd as he won Gold in both Long Jump and High Jump, outjumping his own height with a Personal Best. The day ended with the volleyball tournament in the local sports halls. This was not our strongest event, but the Year 10 boys did still secure a Bronze medal.

For the second day, the focus shifted to the municipal swimming baths with Team Wildern confident of its female potential in the pool. Our early optimism was soon rewarded as Year 10 girls Izzie Grogan and Katie Osborne glided their way to gold medals. This success was matched by the Year 8 girls with Gold performances from Izzie Hinkley and Lydia Parker. Our girls relay teams in each year group also gained gold medals.

BOYS' OLYMPIC GAMES

The final day of competition began in the sports hall with basketball, where the Year 8 boys and girls teams both won hard-fought Bronze medals. It was then onto one of our more favoured events, football. After some feisty group matches, our boys' chance of success hinged on that very familiar scenario: a penalty shoot-out against the Germans. Just like Waddle and Southgate before them, there were tears of disappointment as our national nightmare continued. Our much-fancied Year 10 boys settled for a Silver medal, an achievement matched by the Year 8 girls.

And so, after three long days of sporting competition, it was time to change out of our sports kit and head to the school hall for the awards ceremony and post-event party. We stood and waited with baited breath as German PE teacher and event organiser, Marc Rudolf-Wolke, announced the final medals table. The host school had won with a total of 18 gold medals, but Team Wildern came a very respectable third with 16 Golds. We had also claimed nine silver and ten bronze medals.

As the music started, and Harry Crosby was thrown into the air by the same Spanish boys much fancied by our year 10 girls, it was time to start enjoying the beat of a massive Euro-disco.

As we reflected on four wonderful days in Germany, it was clear just how much sport had, as promised, promoted international understanding. Many Wildern students had struck up friendships with others from Germany, France or Spain, which they would continue on social media. Those students learning a foreign language at school had enjoyed the opportunity to try out their linguistic skills.

Our young athletes arrived back home with some sweet memories and medals to treasure for a lifetime.

Mr G Horton

ART

department

For my Art GCSE I had been studying an artist by the name of Kelvin Okafor, copying many of his previous artworks and attempting to recreate his style. My art teacher informed me of his current exhibition in London that would be running for three weeks displaying his current collection of pieces called "Interlude", and so I decided (with my mums permission) to head up to London to see the art myself. Little did I know my mum had emailed Kelvin Okafor prior to our trip and asked if he would be there at any point

so I could meet him, and as luck would have it the Saturday we went was a day of a live drawing demonstration and he would be able to meet me. We took my unit of coursework, including my copy of his work, and he said my skill level was amazing and he'd like a picture of it to share on his social media. He signed two of his books for both me and my teacher and told me to never give up on my dreams of artistry. He was one of the nicest people I've ever met, and I was so overwhelmed when we left the gallery I burst into tears.

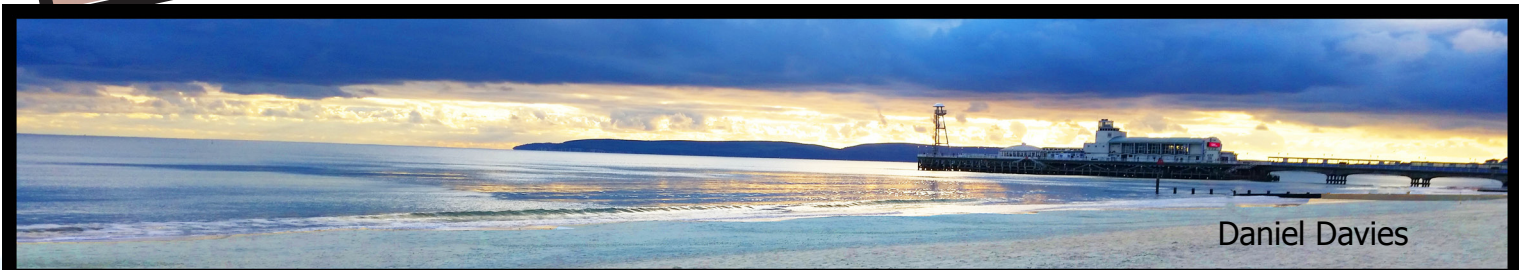

Charlotte Lidster

Jessie Traynor

Niamh Maloney

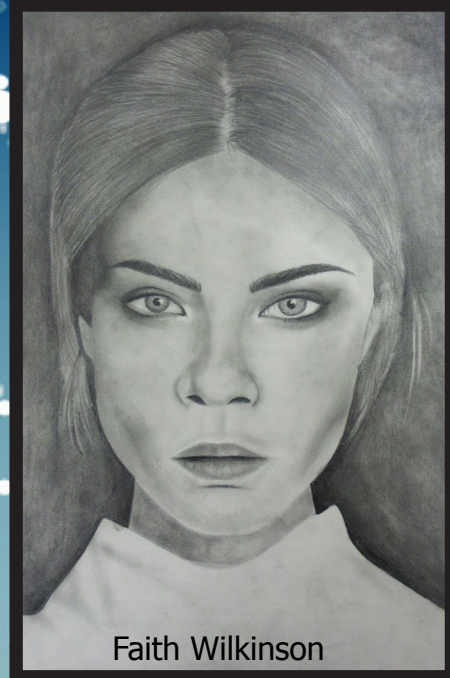

Daniel Davies

Elouise Milward

Harriet Hinkley

Faith Wilkinson

Congratulations to Year 11 art and photography students who recently sat a 10 hour practice exam. Each student was required to complete 4 areas of preparation work to meet the 4 assessment objectives.

AO1 Artists/Photography studies, AO2 initial ideas and exploration of materials and techniques, AO3 Observational studies and AO4 not only the final outcome, but the development and refinement of the final outcome. The exam preparation is of equal value to the final work created in the 10 hour exam.

Although the exam felt very daunting, the students rose to the challenge with a very positive and hardworking attitude, a credit to themselves! The work, once marked, will form the basis of students coursework and 60% of their final GCSE grade. Some amazing pieces can be seen here.

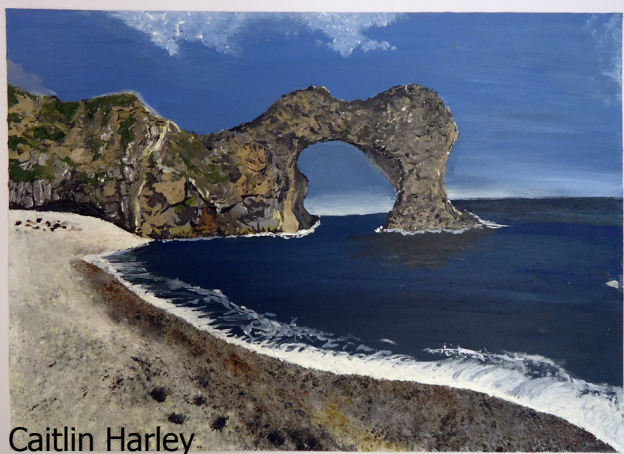

Congratulations to all, Mrs Lynch

Niamh Miller

Tyler Marquer

WELCOME TO THE LRC

Librarian of the year award - Emma Sanders

Everybody needs an 'Emma' in their School Library. This was the opening sentence that we used when we were asked to submit an application for 'Hampshire School Library Service (SLS) Pupil Librarian of the Year Award 2016'. Our student librarians are 'invaluable' superstars, who we rely on each day to support in the successful running of the LRC and Emma was no exception to this. We were therefore delighted when we were informed that Emma had been awarded runner up, winning a book voucher and certificate as well as some books for the School LRC. The award is an acknowledgement of the time and effort that Emma puts into her duty each day and we are very proud of her achievements. Well done Emma!

Waterstones Visit

We were delighted to be contacted by Waterstones Southampton, who wanted to recruit the help of our student librarians to ensure that the children's section in their shop very much reflects the tastes of the children in Southampton, especially the teen section. With this in mind, we visited the store and gave feedback on their current displays and selection of stock being offered. The students thoroughly enjoyed the experience and appreciated being asked to support their local bookstore

Fantasy Genre

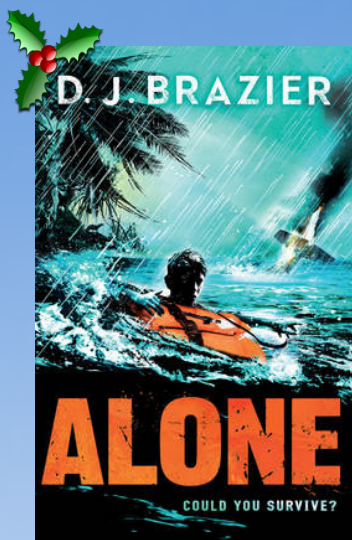

Hogwarts, Narnia and The Shire – all exciting lands created from the amazing imaginations of their talented authors J .K Rowling, C .S Lewis and J. R. R Tolkien.

Fancy being a wizard? Perhaps you'd like to drink hot chocolate with the White Witch? Maybe hunt some Orcs?

You can disappear into fantasy fiction and live a life you can normally only dream about!

**Oliver Delmege, Lydia Parker,
Emma Plane and Emma Sanders**

Book Review - Alone by D.J. Brazier

ALONE is a great book about a boy called Sam and his Dad. They go on a once in a lifetime trip however the plane taking them home crashes in a forest and Sam is left stranded and alone in the forest. Days pass but no rescue is in sight so he has to dig deep to find the courage to survive the gory jungle dangers. He has to make a tricky decision...save his friend and face the possibility of death or get out alive ALONE....

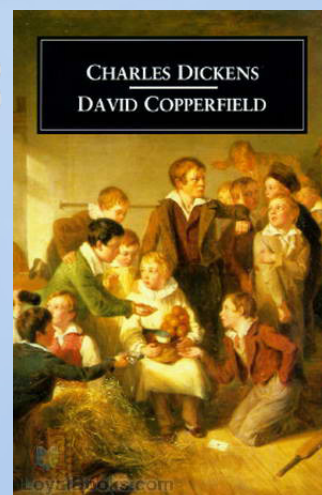

Charlie Devitt

Book Review - David Copperfield by Charles Dickens

David Copperfield may well have been Dicken's favourite novel; it may possibly be my own. I feared no novel could stand up to his mightiest creations of Great Expectations and Oliver Twist, but David Copperfield certainly holds its own. Uriah Heep and Betsey Trotwood are among the finest of Dicken's characters. Love, life, death, debt, betrayal and laughter carry you through a (very long) fantastic plot. Will David Copperfield get the happy life he always wanted?

Mrs Nicholas

Hampshire Book Awards

'I love starting a story and not really knowing where it's going. For me, the magic of writing is not knowing what's going to come out of your imagination next.'

Jo Cotterill

The student judging board for the Hampshire Book Award got to visit the awards ceremony in Winchester recently where they met with the winner Jo Cotterill. The book 'Looking at the Stars' tells the story of two child refugees fleeing a war torn village from oppressive rulers and reveals the gruelling reality that many people, both young and old, have to live in. After hearing about Jo's life and writing tips we had the opportunity to get our books signed. Overall it was a great experience and I hope next year the awards will be as good, if not even better.

Matt Bungey

Come and visit the LRC during the opening times of 8am - 5pm

Computers are also available

for Homework

Annie

At the end of October, Wildern School students showcased their considerable talent in a 3 night run of the classic feel-good musical 'Annie'. The process of undertaking a whole school musical cannot be under estimated: from applying for performance rights, working out how to seamlessly transition between scenes, right the way through to achieving memorable performances, every nuance of the show has to be considered, tested and then very often reworked!

Our planning started in April when the Drama and Music department put their heads together to work out which musical would best suit our cohort of students. Auditions followed in May and the rehearsal process swiftly began in June. Students worked hard over the summer holidays learning lines and creating vivid, detailed characters, while the new academic year saw all of the finer details such as set, props, costume and lighting being arranged.

It took a team of dedicated and committed students and staff to bring 'Annie' together ready for public performance and we would like to extend our thanks to everyone involved. We really couldn't do it without each and every one of you!

Mrs H Duncombe

On Saturday 22nd October 40 year 10 GCSE Geography students travelled to the city so great it was named twice; New York, New York!

From visiting the Empire State Building at night to see the beauty of the city and sheer scale of Manhattan and surrounding boroughs to taking the cable car over to Roosevelt Island we saw the city from all angles.

The urban issues of such a rapidly growing city were considered first hand as we visited the site of the 'Yard' the 13 skyscraper complex being built above the Hudson railway yard where the air rights alone cost \$1billion. In contrast we walked the Highline, a community project which has turned 22 blocks of disused elevated railway track into a beautiful green and cultural space full of artwork and planting, which was achieved through people volunteering their time and donating to the cause.

No Wildern trip to NYC is complete without a visit to Liberty and Ellis Island and after this we spent some reflective time at the 9/11 memorial before walking around the financial district and Wall Street.

Each night we ate in restaurants in Times Square enjoying the singing waiters at Ellen Stardust and of courses the burgers. When it came to food, students tried every 'delicacy' from the huge pretzels and hot dogs to authentic dunkin' donuts and huge sandwiches!

There has to be a huge shout out to all the student's on this trip, everywhere we went we were praised for your manners, courtesy and brilliant attitudes and you made this trip a total success - thank you!

My thanks go to the teachers who gave up their time to support this trip: Mr Hastings, Mrs Fearon and Mr Rodriguez.

Mrs K Broadribb

P.E DEPARTMENT

WILDERN YOUNG SPORTS AMBASSADORS

Wildern Young Sports Ambassadors did a fantastic job running the Level 3 Tri-Golf Competition at this year's Hampshire School Games.

The event was attended by 32 Primary Schools from around the county, who qualified for the event by competing in their local area competitions.

Well done to them for making the event so enjoyable for both students and staff. They did such a great job that they have been invited to run the event again next year.

WILDERN SPORTS PERSONALITY AWARDS

Wildern School hosted another brilliant Sports Personality Awards Evening to recognise and celebrate the performances and outstanding achievements of Wildern students – past and present.

The evening was made even more special by the attendance of Aaron Phipps, who gave a truly inspiring speech.

The GB Wheelchair Rugby Paralympian is probably best known, for not only being the first disabled person to climb Kilimanjaro unaided, but for doing so on his hands and knees.

Thanks again to Aaron who helped to make the evening really special and memorable and thanks also to all those Wildern students who continue to impress us all with their talents and achievements.

YEAR 9 FOOTBALL

The year 9 team played really well at the first ever Barton Peveril Six-a-Side Football tournament.

Wildern took along two strong teams who both showed some fantastic team and individual performances. Both teams - Wildern A and Wildern B - made it through to the semi finals, without losing a single game.

Wildern B team were the eventual Tournament winners, with the A team coming third. Well done to both teams.

Thanks also to ex-student Alex Thompson for his help with the teams.

YEAR 7 FOOTBALL

The Year 7 Football team have won 2 out of 2 games so far this year. Both the games were won 4-0. They have two more fixtures coming up over the next couple of weeks. Well done boys – a great start – keep it up!

Another great start to D of E this year with our biggest ever cohort of 45 Year 10 students. Led by Miss Burton, Mr Hodgson, Dr Wilson, Mrs Hart and Mr Bateman, the groups have been on their first day walk in and around Queen Elizabeth Country Park, as they learned basic compass and navigation skills.

For their next trip they will be going to the New Forest, learning important camp skills in preparation for their practice weekend up on the South Downs and their D of E Assessment weekend back in the New Forest later next year.

All the groups made a great first impression, so hopefully this good positive attitude will lead to another successful year of Wildern D of E students passing their Bronze Award.

OLYMPIC TORCH

On the morning of Monday 19th September, a German coach arrived at Wildern School. In the presence of many local dignitaries and pupils from both Wildern and Shamblehurst schools, the Olympic flame was officially handed over to our partner German school. Remarkably, over the course of the next ten days, German volunteer students acted as torch bearers and ran the Olympic torch for 900 kilometres through England, France and Germany. The arrival of the torch at its final destination of Kornwestheim coincided with the start of the Olympische Spiele der Partnerschulen (Partner Schools' Olympic Games see pg 8 for full story).

LETS PLAY NETBALL

The Netball teams this year have been working hard at training and playing extremely well, whilst showcasing the new dresses!

The U14s won their first match of the season against Toynbee, with Mia Wood being named player of the match.

The U12s have had a great start to the season for a new team, with a Win under their belts and with Holly O'Keefe being named player of the match against Toynbee.

The U13s are concentrating on gelling as a team, whilst the U16s are working together on new set plays for the upcoming season.

Well done so far to all the players and good luck for the rest of the season!

U13 GIRLS FOOTBALL

The U13 Girls Football team team played their first ever game on grass on Wednesday, against a very experienced team from St George's School. Although they didn't win the game, there were some very pleasing individual and team performances and they certainly created chances to score. Definitely a team to watch!

Well done girls and good luck in your future games.
