- Ever thought about a career in the maritime industry? It is advertised for students “looking for more than the 9 to 5”! There is an open day for the Solent University Warsash Maritime academy on Saturday 2<sup>nd</sup> February – find out more at [www.warsashacademy.co.uk/openday](http://www.warsashacademy.co.uk/openday)
- Bitterne Park School Sixth Form are holding an open evening on Tuesday 29<sup>th</sup> January 5:30 – 7:30pm – find out more at: <https://www.bitterneparksixthform.org.uk/>

### Year 10:

- <https://amazingapprenticeships.com/> is a fantastic place to start looking for local apprenticeships. Recently, a visitor from this organisation provided an assembly to Year 10 on the breadth and quality of local opportunities in a range of industries. Take a look!
- PWC – a global company that works in all areas of modern Business – offer opportunities for school leavers to earn a salary and train in Business, straight from school. They recently visited some of the Year 10 Business classes – find out more at:  
<https://www.pwc.co.uk/careers/school-jobs/jobs.html>

## Year 11:

- This term, Year 11 will be going through the college and post-16 interview process. We wish our year group well with this process. If any student would like further support with this process, or perhaps they are still unsure of which direction to take after school, they should ensure they have some applications sent off and options available. Remember, **students can apply to as many post-16 providers as they like**, with their final decision being made in the summer. Further support is available through the: form tutor, Head of Year, or Mr Collings and Mr Henser in the careers department – [careers@wildern.hants.sch.uk](mailto:careers@wildern.hants.sch.uk)
- Year 11 students interested in film-making should look over the British Film Institute's residential experience programmes – more info on this link: <https://www.bfi.org.uk/education-research/bfi-film-academy/bfi-film-academy-specialist-residential-programme>
