Students have been able to choose from:

Year 11:

- Currently Year 11 students are going through the intended destinations process at Wildern, where Hampshire County Council collects information on where students intend to go after leaving Wildern, be that: a sixth form or further education college, an apprenticeship, or a registered form of training/employment with education involved too. Any students that still are unsure of destinations, or have not had interviews and lined up multiple possible destinations for September 2019, must contact their tutor, Mr Henser in the library, or Mr Collings, in order for the appropriate help and support to be provided.
