

# Respect and kindness March 2020

'Every student matter, every moment counts'

### Coronavirus...

- As you know it is new and we are learning about it all the time.
- Most people will only get mild symptoms
- On Friday, the government sent out new guidance about what to do if we have new symptoms of a continuous cough and/or fever; to isolate for 7 days to see how the illness progresses and yesterday extended this to 14 days.

## Coronavirus...

- If our staff follow this advice, there could be a possibility that we may have to partially close as we may not be able to cover all classes
- The other situation could be that the Government closes all schools

- Work will be set by your class teachers on google classroom
- You will need to complete this work for <u>all</u> your <u>subjects</u>
- If you need to contact your teachers please do so and they will respond during school hours

- An email will be sent to your school account with an information sheet attachment that will have links on how to use google classroom if you have forgotten or are unsure
- Suggestions of what to do will be provided to you if you do not have access to google classroom – let your tutor know after this assembly

- Feedback on the work you do will be provided by your teachers following the school feedback policy
- \* You will get feedback on any quiz results immediately
- Look at your emails at least twice a day so you can keep up with any school news as well as what your teachers want you to do
- If you are concerned about anything please contact the school or log into the members area of the website and look at the Well-being menu

- We do not know what the Government instructions will be for us all BUT whatever they say, we need to follow:
  - To keep safe and healthy
  - To ensure that we are all protecting the vulnerable from the virus
  - To make sure that we are supporting our community

- . We, as a staff, will still be working
- We do not want complaints from the community about our students
- We want to show the community how thoughtful and considerate and respectful we are
- Your actions will be commented upon

- Listen to the experts and do what they say
- Keep calm. Keep in touch with family, neighbours and friends by using your phones or devices
- A Make wise and kind choices. Follow the safe hygiene advice. Support loved ones and help when you can.

Always be kind. If you see someone falling behind walk beside them. If you see someone being ignored find a way to include them. If you see someone get knocked down lift them up. Always remind people they are worthy. Be who you needed when you were going through hard times. Just be kind.

A Simple Peaceful Life
