## "Rock 2 the Beat"

Our aim is to deliver expert tuition for children in contemporary Rock and Pop music, focusing on both individual skills and playing within an ensemble. The instruments taught as part of the project are electric guitar, bass guitar, drums, keyboard and voice.

Teaching is via a mix of small group skills-based lessons and whole band sessions. Alongside this, there are a wide range of resources that have been created to further support the programme outside of the sessions, which include sheet music, instructional videos, technical exercises and backing tracks to practise along to.

The programme is delivered by experienced HMS teachers who have extensive experience not only in instrumental tuition but also in performance.

Rock 2 the Beat is delivered on a term-by-term basis with a performance at the end of each one, giving the pupils the chance to showcase everything they have learnt to their peers, friends and family.

## How much does it cost?

Rock 2 the Beat costs £24.75 per month, covering a minimum of 30 lessons across the year, performances, instrument loan, resources, sheet music and backing track downloads. This is paid directly to Hampshire Music Service by Direct Debit.
