Dear Parents/Guardians,

We are two qualified teachers who run 'After School Touch Typing Courses' at Wildern School. Our next 'Introduction to Touch Typing' course starts on Monday 25th April for a period of 10 weeks (not including Half-Term).

We will be taking a small group of students from 3.15 - 4.15pm.

QWERTYkids have been running these courses for a couple of years now at Wildern and we have seen some fantastic Touch Typing results.

If you would like to book a place for your son/daughter please complete the booking form below. Please note that spaces are limited and will be allocated on a first come first serve basis.

Please see below some frequently asked questions:

Who attends your Course?

We teach children who are absolute beginners and also students with some experience but who would like to improve their wpm and/or accuracy. The programme is specifically designed with dyslexic learners in mind however it is hugely successful for those with and without learning difficulties.

Who teaches the course?

The children's progress will be monitored throughout each session and Clare and Philippa will give one to one advice on technique and how to increase wpm.

Both Clare and Philippa are qualified and highly experienced teachers and fully DBS approved.

Course Duration

Each course runs for 1 hour a week for 10 weeks.

Can my child practise at home?

The downloadable software and colour coded keyboard can be purchased separately. We do recommend that the children practise in between the lessons as this will really help your child to improve at a faster pace. The cost of this 'Home Bundle' is £40 and can be purchased on the booking form. Students who purchase the 'Home Bundle' will also be set homework each week to help progress their typing as much as possible.

At QWERTYkids we feel that not only can Touch Typing be life changing for children with learning difficulties, it is also a valuable life skill for *all* children in our ever increasingly technological world.

Course Cost: £139

Please don't hesitate to contact us if you have any questions.

Best wishes,

Clare & Philippa
