

Dear Parents/Guardians,

This half term, our students have been engaged in the learning of a series of vocabulary as part of our Word of the Week programme.

These words have been thoughtfully selected from national secondary level vocabulary lists, encompassing language frequently encountered in various assessments, coursework, and examinations, as well as recommendations from our subject leaders and departmental leaders across the school.

Below, you will find a list of the words that have been, or will be emphasised during the Autumn term. These words are actively being promoted and discussed throughout the school to facilitate ongoing learning. Additionally, we have included some top tips to aid your child in the ongoing development of their vocabulary skills at home.

I wish to express my gratitude for your ongoing commitment to supporting literacy related matters at home.

Yours sincerely,

Mrs Slater  
Whole School Literacy Coordinator
