S. Mann CEO

Dear Parent/Carer,

As we navigate our way through the final term, the well-being of our students remains our top priority.

Given the recent rise in circulating illnesses, we are taking proactive measures to ensure the health and safety of all our students. As part of this effort, we kindly ask for your assistance in identifying any students who may have a weakened immune system or underlying health conditions that could put them at higher risk.

Understanding each child's health status allows us to tailor our approach to maintain a safe and healthy learning environment for all. If your child has a weakened immune system or any related health concerns that we are not already aware of, please take a moment to inform us by e-mailing firstaid@wildern.org or by contacting the First Aid room on 01489 779445.

Rest assured that all information provided will be treated with the utmost confidentiality and used solely for the purpose of safeguarding your child's well-being.

Thank you for your cooperation and ongoing support as we work together to promote the health and safety of our school community.

Yours sincerely

Mrs Parsons & Mrs Buckley
Wildern First Aid
