October 2024

Dear Parent/Guardian,

I am writing to you as your child has opted to study GCSE Photography. I wanted to let you know about the materials and equipment that are required as well as those that would be useful for the GCSE course.

All GCSE students are provided with a good quality sketchbook or file folder as well as the materials and equipment required to meet the demands of the course. Many students however, prefer to have their own equipment to use at school and at home, particularly to help when independently completing self-study or coursework tasks. We appreciate that such materials and equipment can be expensive to buy and for this reason, we are **offering** the **one off** opportunity to purchase materials from the Art department at cost price - please see the 'Art Pack' detailed below.

As Photography students use electronic sources to save their artwork and research, a memory **stick** is an invaluable piece of equipment, and we advise all students to have one with them in all lessons. A memory stick is included in the photography pack should you choose to invest.

The Art department offers this service at the cost price of £39.66. **Please note that it is not compulsory to purchase a pack.**

Pupils wishing to buy materials for their GCSE course should complete a payment via ParentPay by Monday 14th October 2024. After this time we will be unable to process any further orders.

Yours sincerely

Mrs E Lynch

Art Subject Leader
